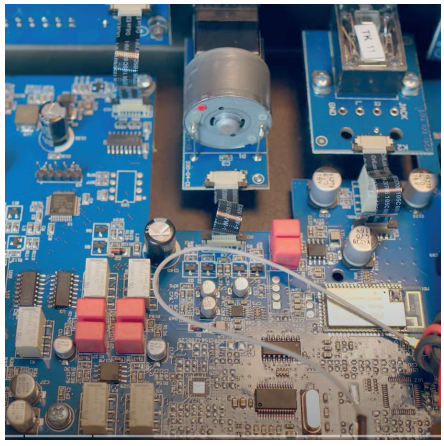
"So small but still kicked the *ss of other amps I had here"

Watch the Video


- This is an amplifier that can really **drive any kind of speaker**.
- **Incredibly pleasant** and absolutely not fatiguing. I could listen to hours on end.
- The headphone output offered **transparency, solid dynamics – vivid and alive.**
- The MaiA was able to **drive the planar magnetic headphones without a problem** and **sounded really good.**
- It has a **transient response that is absolutely superb.**
- The MaiA is **very resolving.**
- It has **superb smoothness and musicality**
- **Transparent, ultra clean, very natural and neutral.**
- The MaiA has become my **favourite late night headphone amp.**
