

Stream Box S2 Ultra

"Best Network Player 2020"

... the sound was **detailed, dynamic tuneful and musical** ...

... my **jaw hit the floor** ... the voice was **more open**, the bass line **was fuller** and **more tuneful** and percussion **more detailed**. The piano runs were **more fluid** and the instrument had **more body**.

... vocals were **more "human"**, **more intelligible**, the horns were less glaring and the **bass was tighter**...

... track after track proved its **superiority**.

... In short, it **sounded great** and comfortably outperformed it's rival.

... It packs in **lots of features**, which work **superbly well**, and delivers **great sound quality**.

... It gets an **unequivocal recommendation** from me.
