**ON OFF**

**"It is difficult to find a turntable that offers so much for this price"**

- The X2 B is more than just another turntable with a sensational price/performance ratio from Pro-Ject – it belongs to the brand new „True Balanced Connection“ range.

**"A fascinating and emotionally engaging vinyl set"**

- For the **fully balanced** and thus **interference-resistant** design from the signal generation to the output from the phono stage, a multiple would have to be paid elsewhere. For just under two and a half grand, the proud buyer acquires a fascinating and **emotionally engaging vinyl chain** from the turntable market leader.
