

Debut Carbon - test result: „OUTSTANDING“

**AUDIO
TEST**
Überragend

FOUR DELIGHTS

When Pro-Ject launches a new entry-level turntable, it is more than that: Debut Carbon is not a single player, there are four of it! Their difference is not in colour, you will get all four models in seven colours. AUDIO was listening to all of them ...

AUDIOGRAMM

PRO: Excellent sound, clear step up from basic to Esprit

CON: nothing

Sound quality	70 / 75 / 78
Features	satisfactory
Operation	good
Workmanship	good

AUDIO VERDICT 70 / 75 / 78 POINTS
PRICE/PERFORMANCE ALL: OUTSTANDING

CONCLUSION

Bernhard Rietschel
AUDIO-Chefredakteur

It is impressive, how much sound quality you will get even from the cheapest model. Hifi aficionados are pleased to hear that price-performance relation is even better with higher priced models. With these models the concept shows its full strength!

Carbon profile: new very low price levels for carbon tonearms

Plug & play: Phono USB model with direct computer connection
