

Pro-Ject Head Box DS £299

The DS offers a comprehensive spec at a compelling price from the top-cat turntable manufacturer

The Head Box DS is the cheapest headphone amp here, but the specification is competitive with anything in the test.

As an all-round offering, for the very reasonable asking price, the Pro-Ject does a great deal right and the inputs and outputs give it considerable versatility.

OUR VERDICT

SOUND QUALITY

LIKE: Lively and punchy sound; good spec and interface

VALUE FOR MONEY

BUILD QUALITY

WE SAY: A competitive model, but one that needs a little care when selecting partnering equipment
