**"More detailed and expressive,
with a more emotional presentation"**

- The presentation is **clear, light, detailed, and transparent**, but at the same time **large**.
- There is a correct **sense of rhythm**. There is an attention to **detail and intonation**. You can hear an instrument's **character, sound and, recording** well. You can focus on **nuances**.
- The sound is **very detailed with volume and air**. Sheer **scale explodes confidently into the room – brightly, expressively, cheerfully**.
- The **bass** turned out to be **large** but even **slightly softened, enveloping, and textured**.
- The **mid-tones are rich** with no sense of stiffness.
- **Treble** is **differentiated**, bright, but not harsh or fatiguing.
- The general **mood is sparkling, perky, joyful**.
- **Bass** turned out to be **surprisingly tight**.
